A Good Position

Can be had by ambitious young men and ladies in the field of "wireless" or railway telegraphy. Since the 8-hour law became effective, and since the wireless companies are establishing stations throughout the country, there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless officials and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa.

James Swarts and family entertained friends at dinner Sunday.

Mrs. Lucy Grey called on Ida Powell one afternoon last week.

Jacob Teeters and family are entertaining company from Columbus at present.
